TO-DAY AT MEMPHIS.

MEMPHIS, Oct. 4.—Twenty-one deaths were reported to noon to-day. The weather is warm.

REPORTS FROM MINOR POINTS.

NEW ORLEANS, Oct. 4.—The Howards received the following last night:

LaFourche Crossing—Seven cases in the Le Font family, two of them dangerously ill. Three new cases since last report. No deaths.

Bay St. Louis, Miss.—18 new cases and three deaths for the past 24 hours to 12 m. to-day. The number of new cases on the 2d should read 18 instead of 8.

Ozyska, Miss.—7 new cases for the last 24 hours: one death and two with black vomit.

Biloxi, Miss.—20 new cases from 12 m. yesterday. No deaths.

Jackson, Miss.—The fever is spreading. 1 death yesterday, 1 case of black vomit today, 10 or 15 cases under treatment. Indications are that it will be declared epidemic in a day or two.

Thibodaux, La.—16 new cases, no deaths. A great number of cases are malarial fevers.

Dry Grove, Miss.—At the Menair plantation, six miles from Dry Grove, there are twelve cases of yellow and putrid fever. Three deaths in 24 hours.

Baton Rouge—The Democrat's special last night, from Baton Rouge, says: 82 new cases in the last 24 hours, ending at 9 a. m.

Ocean Springs—Dr. Henry Stone left this evening for Ocean Springs, Miss. The fever is very bad there.

DECLINES TO ISSUE RATIONS.

Secretary McCrary declines to issue rations to the New Orleans Relief Committee, although nearly fifty thousand people in that city are said to be dependent upon charity for a living now.

AT PORT GIBSON.

The death list of Port Gibson, Miss., up to last night was about 115. There have been 570 cases treated to date.

THE LOSS TO THE SOUTH.

It is estimated that the people loses upward of \$200,000,000 in consequence of the yellow fever.

AN ALARMING INCREASE.

NEW ORLEANS, Oct. 4.—Latest dispatches from the South show an alarming increase in the fever. Louisiana is pest-bound and whole families in New Orleans have been obliterated. A very large number of new cases are reported from New Orleans for the past twenty-four hours, but the death list there is not proportionally large. There have been about ten thousand cases reported to date from New Orleans, and three thousand deaths.

SIX HOURS AT NEW ORLEANS.

NEW ORLEANS, Oct. 4.—From noon to 6 p. m. yesterday 15 deaths were reported, and 187 cases, of which 110 date since September 30th.

POMEROY, O.

POMEROY, O., Oct. 4.—Engineer Cooper, who was on the steamer John Porter, during her last cruise, is at his home in this city, sick with what the Health Officers pronounce the yellow fever.

AID FOR THE SUFFERERS.

NEW YORK, Oct. 4.—The people of New York continue liberal subscribers. Appeals for clothing are being generously responded to, and wagons and men furnished free for the collection of clothing.

It is believed the value of articles of all kinds contributed amounts to over \$100,000. One firm alone contributed \$2,000 in clothing. U. S. Grant, Jr., called upon the Mayor and presented \$500 towards the Relief Fund for his father. The President of the Firemen's Ball Committee has just ordered the transmission of \$4,500 to the afflicted.

CHICAGO, Oct. 4.—The yellow fever committees have sent over \$90,000 to the South.

ST. LOUIS, Oct. 4.—The subscriptions to the yellow fever fund to date are \$83,722.89.

## FOREIGN.

National Associated Press to the Star.

A GREAT FINANCIAL PANIC.

LONDON, Oct. 4.—The city has passed through a day of great commotion, anxiety and distress, unequalled since the panic caused by the failure of Gurney & Co. The fear is general that we are on the verge of a financial panic. The money market has been more or less disturbed for the last ten days. There was observable general disposition to sell, and a disinclination to buy. Money daily appeared to be scarcer, and the confidence in everything to be weaker. On this state of feeling, intensified by gloomy financial reports from Germany, Italy and Spain, the shock of the suspension of the City Bank of Glasgow, and of Smith, Fleming & Co., fell with great force, and throughout the whole of yesterday the keenest anxiety was felt for the future.

Securities of all kinds were pressed for sale, but the buyers were shy of everything. The iron market is almost completely prostrated, and pig-iron was pressed for sale yesterday at 48s. 6d. per ton, a lower price for the same grade than has been known since 1818. It is reported that the East India trade has been for many months in a most unhealthy condition as has also been the iron trade, and the banks which have been carrying the firms engaged in these trades have done so simply because they did not dare to let them fail for their own sakes; but it is now thought a general crash in the East India and iron trades can not be long postponed.

AN AWFUL ALTERNATIVE.

LONDON, Oct. 4.—A Berlin dispatch says it is stated that Prince Bismarck has offered to the Committee on the Socialist Bill the alternative of either accepting the bill, without alteration, or his resignation.

THE MAN TO DOCTOR A CRISIS.

VIENNA, Oct. 4.—Count Andrássy will go to Pesth to arrange matters in connection with the ministerial crisis.

THE COST OF OCCUPATION.

The total Austrian loss from all causes arising from the occupation of Bosnia and Herzegovina is placed at 4,000 men.

HOW A GREAT GEOGRAPHER DIED.

BERLIN, Oct. 4.—It is generally believed in Germany that Dr. August Heinrich Petermann, the most able geographer of the age, who is reported to have died last Friday from a stroke of apoplexy, committed suicide by hanging. The report causes no little excitement here.

## CROOMES THE CREMATOR.

### His Hanging To-day Postponed.

Special to the Star.

PREPARATIONS FOR THE EVENT.

LOUISVILLE, Oct. 4.—Since yesterday colored people have been trooping into the city from all the adjacent counties, some of them coming forty or fifty miles, to witness the final and abrupt taking off of Henry Croomes, which is set for to-day. As the execution is to take place in public it may be inferred that the audience will be large if not select, and the doomed man will have the satisfaction of knowing that a numerous circle of friends and acquaintances were on hand to see him well hanged. Strong parties have been forwarded to the Governor for a commutation of sentence in Croomes' case, and if at this late hour Executive clemency should intervene, the disappointment of the assembled spectators would be simply awful. Sheriff Able is superintending the construction of the gallows in the suburbs, and arrangements are made for the special accommodation of the press and a few invited guests.

THE CRIMINAL.

Croomes came here from Taylor County, and was employed as a driver at the time when he cohabited with Emma Chinn, the victim of his drunken rage. He has resided in this city about seven years, and before the war was a slave of Ben. Weaver, in Nelson County. He is a dark-brown colored man, about thirty years of age, and very sluggish in appearance.

THE PARTICULARS OF HIS CRIME, FULLY published at the time, briefly restated, are as follows: About midnight of December 16th, 1877, Croomes came home besotted drunk, and found the woman (Emma Chinn) sick in bed. He ordered her to get up, and, as his command was not obeyed, he threw a burning coal-oil lamp upon her. The ignited fluid overspread her clothing and the bed, and she was burned to death before the eyes of the monster, who offered her no aid. The evidence against him was complete, and he was sentenced to be hanged.

RESENTED BY THE GOVERNOR.

LOUISVILLE, Oct. 4.—The rumors current last night that Croomes had been respited are confirmed by official notice to that effect this morning. Earnest appeals were made to the Governor for a commutation of sentence to imprisonment for life, but he only granted a reprieve until November 8th. The disgust and disappointment of those who came so far to witness the execution is intense.

## TALKED TO DEATH.

### A Double Headed Woman Coming.

National Associated Press to the Star.

NEW YORK, Oct. 4.—Miss Millie Christine, colored, aged twenty-five, a double-headed vocalist, arrived from Liverpool yesterday. She has also four feet and two pairs of hands. Baron Littlefinger, aged thirty-two, and Count Rosebud, aged thirty, neither over thirty-six inches high, arrived on the same steamer. Millie was born in North Carolina, and the dwarfs in Italy.

On the steamer here the latter stood upon either side of Miss Millie, and conversed with the two heads, now in French and now in Italian, upon the merits of American lager, which they passed among themselves and critically sipped. Then a little two-year old child, who was not so very much smaller than the Baron, came to him for an affectionate embrace. "Who is that?" asked the reporter, feeling like the giant in a fairy tale. He was answered: "Why, that's the Baron's daughter; that boy there is his five-year-old son," pointing to a good-looking youngster as large as his father; "and this is the Baroness." The reporter bowed to a well-grown woman, with handsome black eyes and features that were unmistakably Italian.

These curiosities left for Boston last evening.

## IN BRIEF.

National Associated Press to the Star.

BUFFALO STATION, KANS., Oct. 4.—The Cheyennes are burning and killing as fast as they go. Seventeen dead settlers have been found.

SINCEY, Oct. 4.—Indians were seen on the South Platte, thirty-five miles from here, yesterday, going toward the settlements of Sterling. A detachment has gone to head them off, and is now within eight miles of them.

NEW HAVEN, CT., Oct. 4.—A negro named Freeman, accused of outraging a little girl, was taken from jail at Ansonia this morning by a mob, and was just on the point of being lynched, when the Sheriff rescued him. It is now said that Freeman is innocent.

## THE CHEERFUL CHEYENNES.

National Associated Press to the Star.

DENVER, COLO., Oct. 4.—The Cheyennes are committing fearful outrages east of here and north of the Kansas Pacific Road. Seventeen men were killed at Buffalo Station. Sheridan Post-office was destroyed. Several large cattle ranches were broken up and the cattle stampeded. In a fight with the Indians Wednesday morning it is reported that Lieutenant Brodick was badly wounded and six men killed.

## FATAL RAILROAD COLLISION.

National Associated Press to the Star.

MORRISBURG, IND., Oct. 4.—An accident occurred here early this morning on the Grand Trunk Railway, by the up express running into an up freight train. Some cars on the express, with nine freight cars and two engines, were badly damaged. An employee of the road named Pickard, of Brockville, was instantly killed. No other serious injuries are reported.

## TICKLED OVER THEIR VEILED PROPHETS.

National Associated Press to the Star.

ST. LOUIS, Oct. 4.—Active preparations are being made in preparing for the advent of the veiled prophets, who are announced to take possession of this city by storm on the night of the 8th. The affair will be one of the grandest ever witnessed, even surpassing the Mardi-gras Carnival so popular in the South.

## ACCIDENT AT TRENTON, IND.

Special to the Star.

NEW TRENTON, IND., Oct. 4.—Two of the workmen on the new bridge, now being erected here, were dangerously hurt by the falling of the trestle work. The bridge was badly damaged.

## THE METROPOLIS.

Tu-tu to Theodore.

National Associated Press to the Star.

NEW YORK, Oct. 4.—The farewell concert to Theodore Thomas, and the last performance by the Orchestra which has given us so much enjoyment for the past fifteen years, took place last night at Steinway Hall in the presence of a fair and very enthusiastic audience.

Thomas returned to the stage after the concert was over to bow his acknowledgments of the cheers and clapping; and so, with waving of handkerchiefs and many other demonstrations of feeling, the farewell benefit came to an end.
